ABOUT US

GHS is a leading digital transformation organization that also offers marketing services. GHS was founded in Sweden in 2012, opened its Lebanon branch in 2016, and Jordan and UK branches in 2022.

We have a network of certified partners, established in 4 countries, deploying our solution which Millions of users trust the solution.

GHS offers all the marketing support you need, both online and offline. Our services include digital marketing, strategic planning, photography, design, copywriting, google advertising and guerrilla marketing. We partner with valued clients to boost their sales and position their brands.

The solution is data-driven and is the key to future digital transformation. Through the solution, you can manage and run up to twenty key business processes in one place, your digital environment. The twenty modules include eCommerce, CRM, POS, HRMS, stock management, WMS, LMS, MPOS or any required module that you can install and configure within minutes. Thus, you can save your organization time, money, and effort.

OUR MISSION

At GHS, we believe there's nothing more important than building trust with our clients and reinforcing a positive environment that keeps innovating itself in each area. That's why we make it our mission to understand our client's businesses and deliver results-driven services that help them achieve their marketing goals.

OUR PURPOSE

GHS transforms communities as well as businesses. Our purpose is to inspire people worldwide to reach their potential, achieve their desired goals and perform better.

OUR VISION

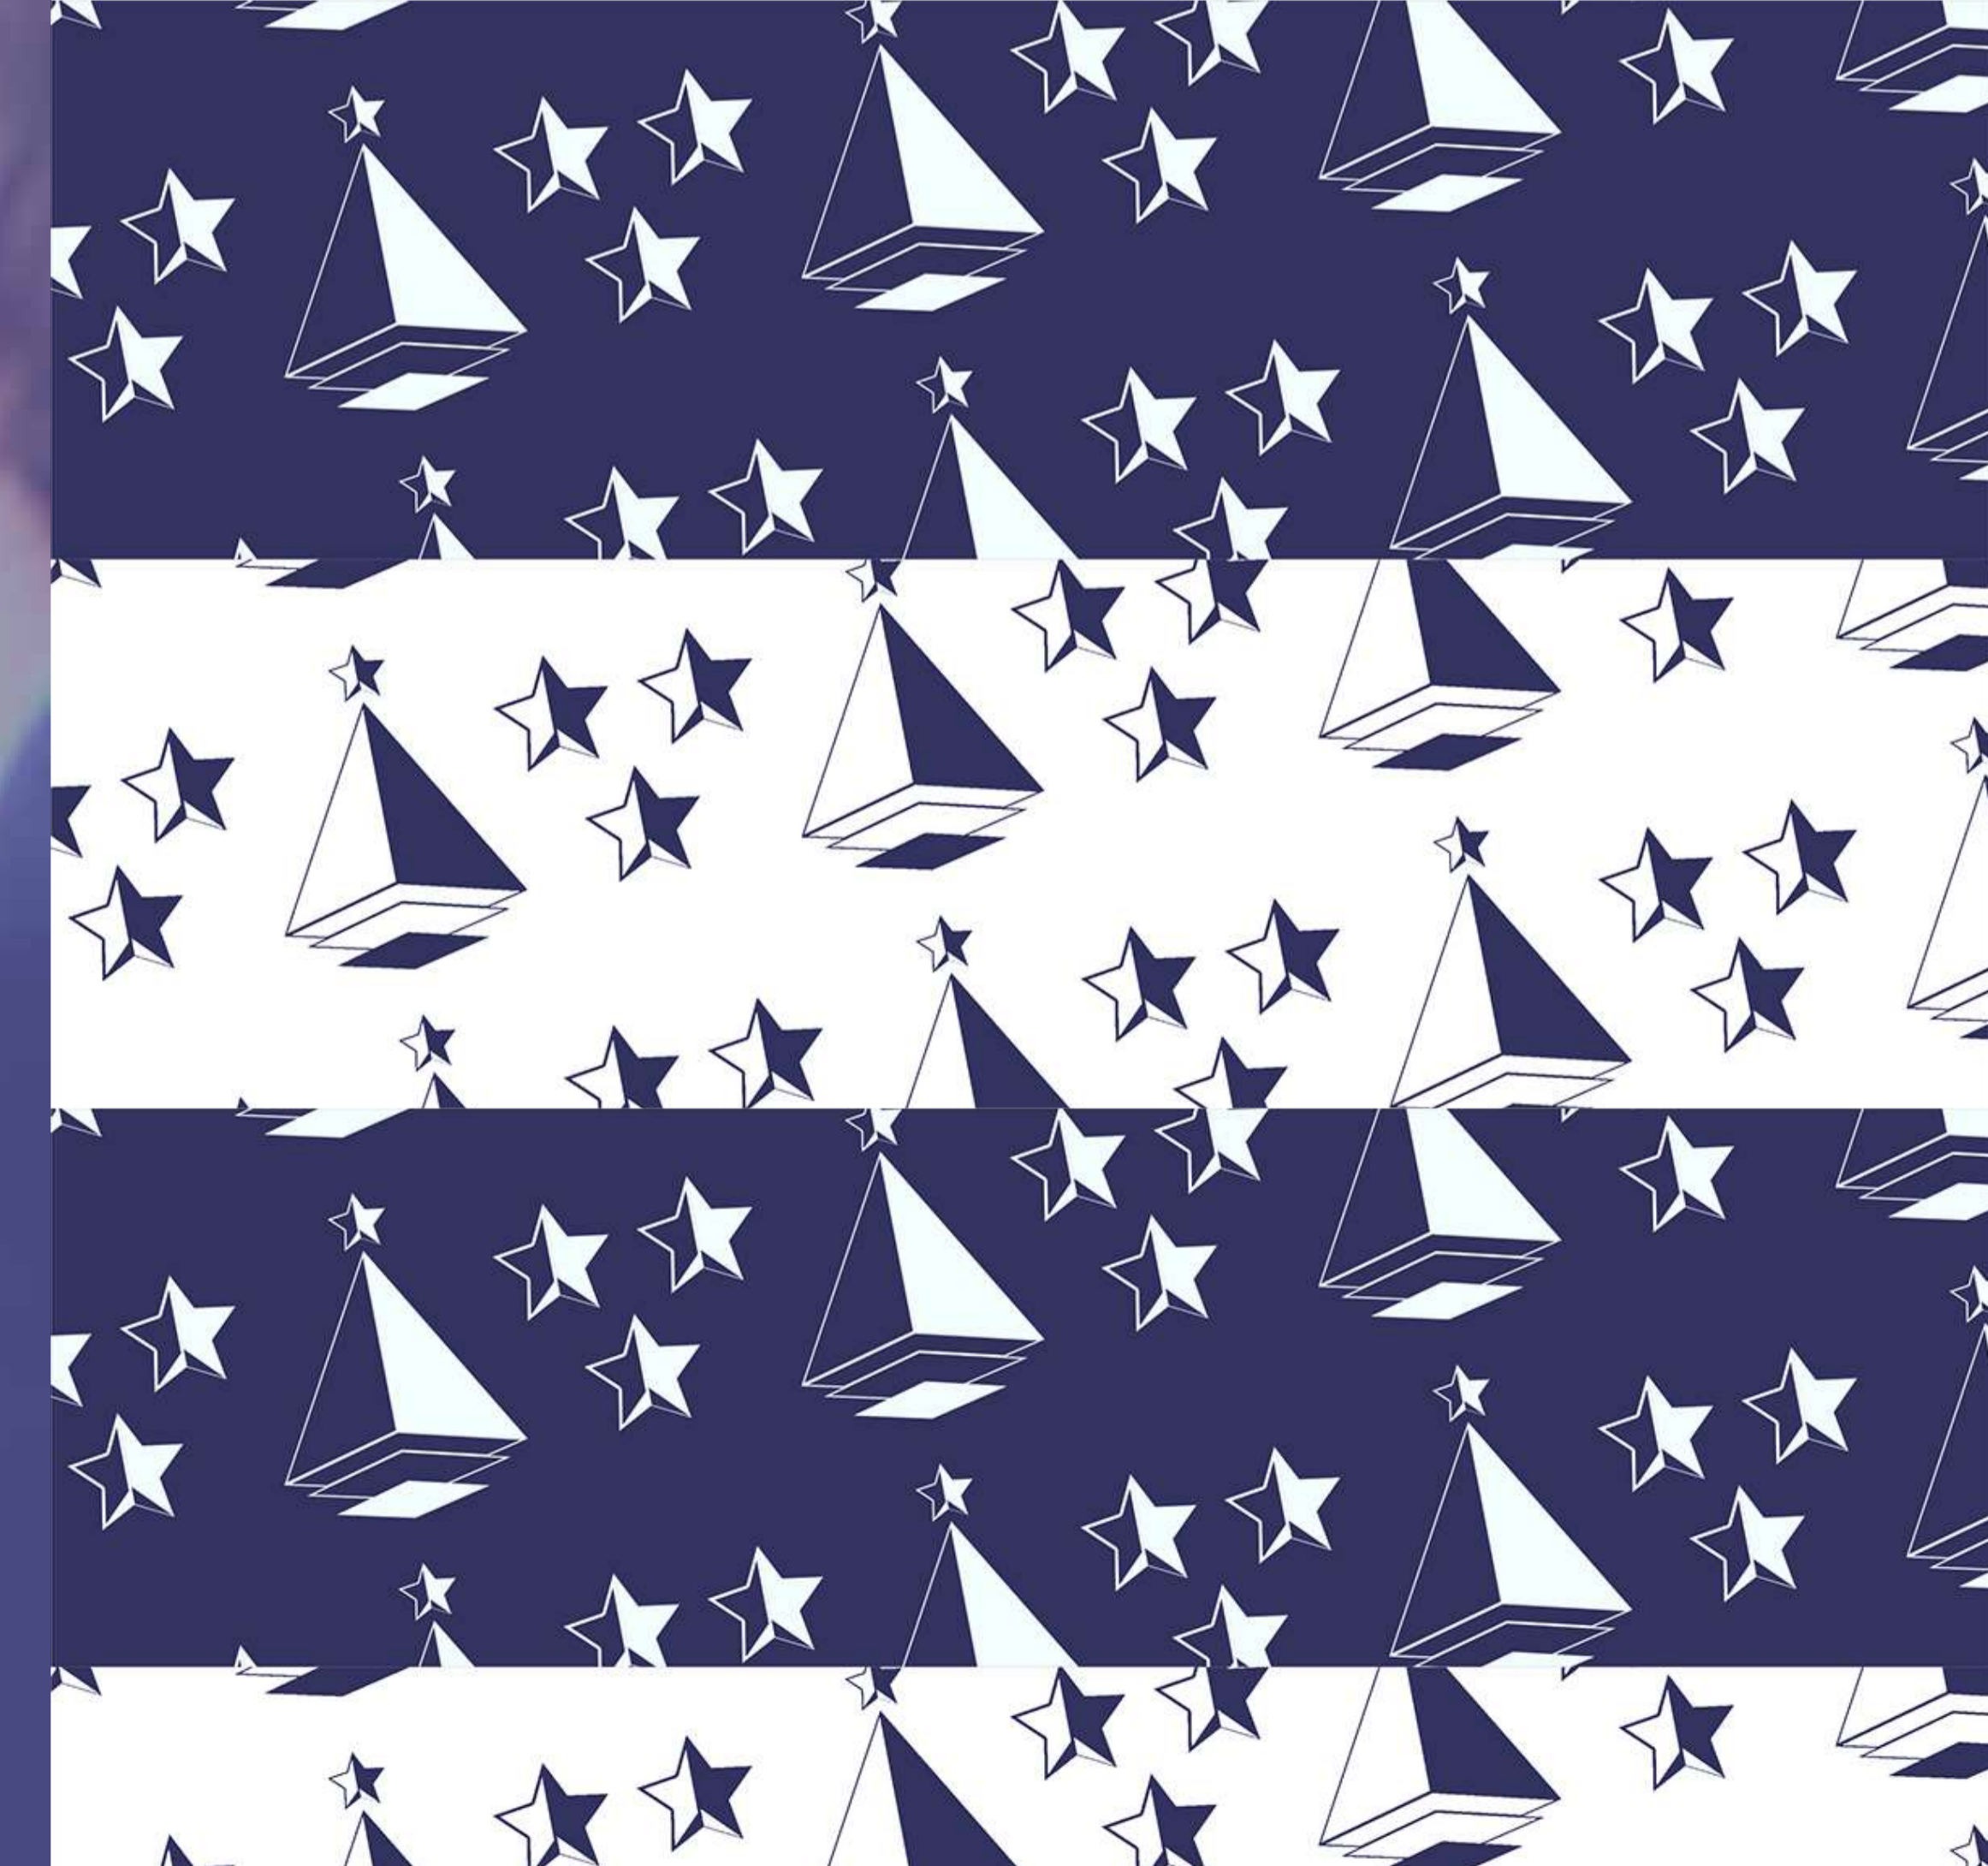

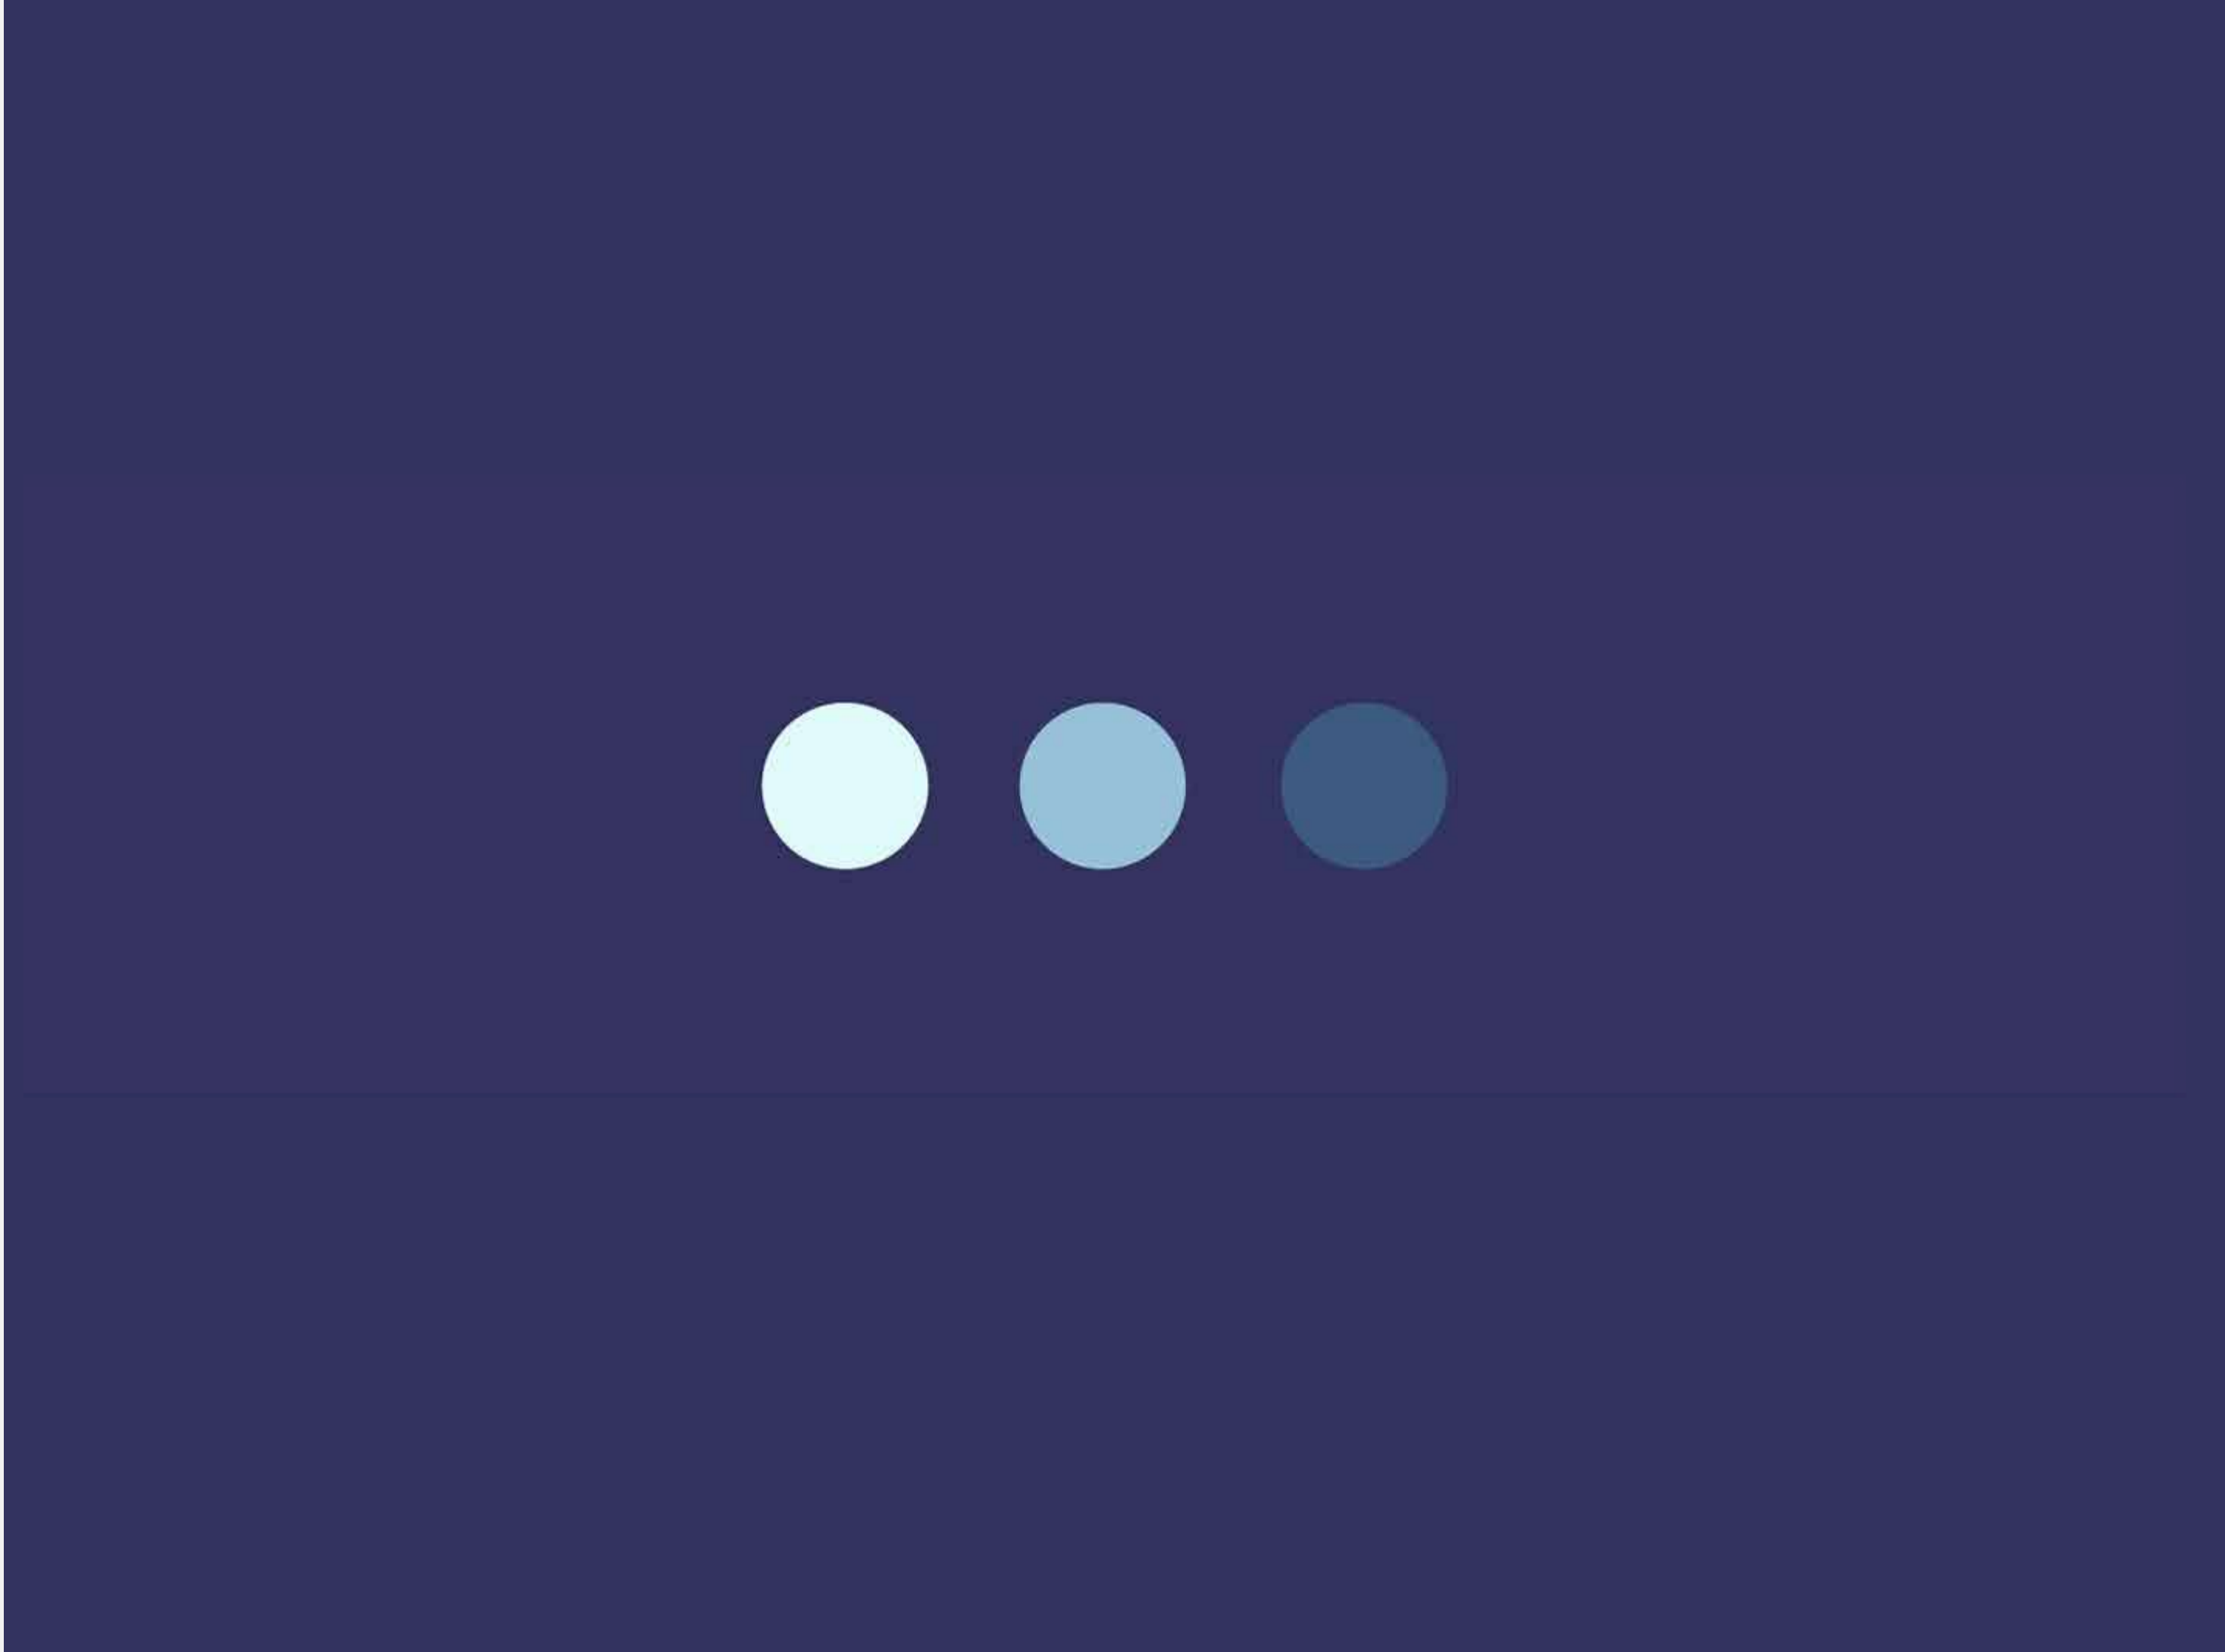

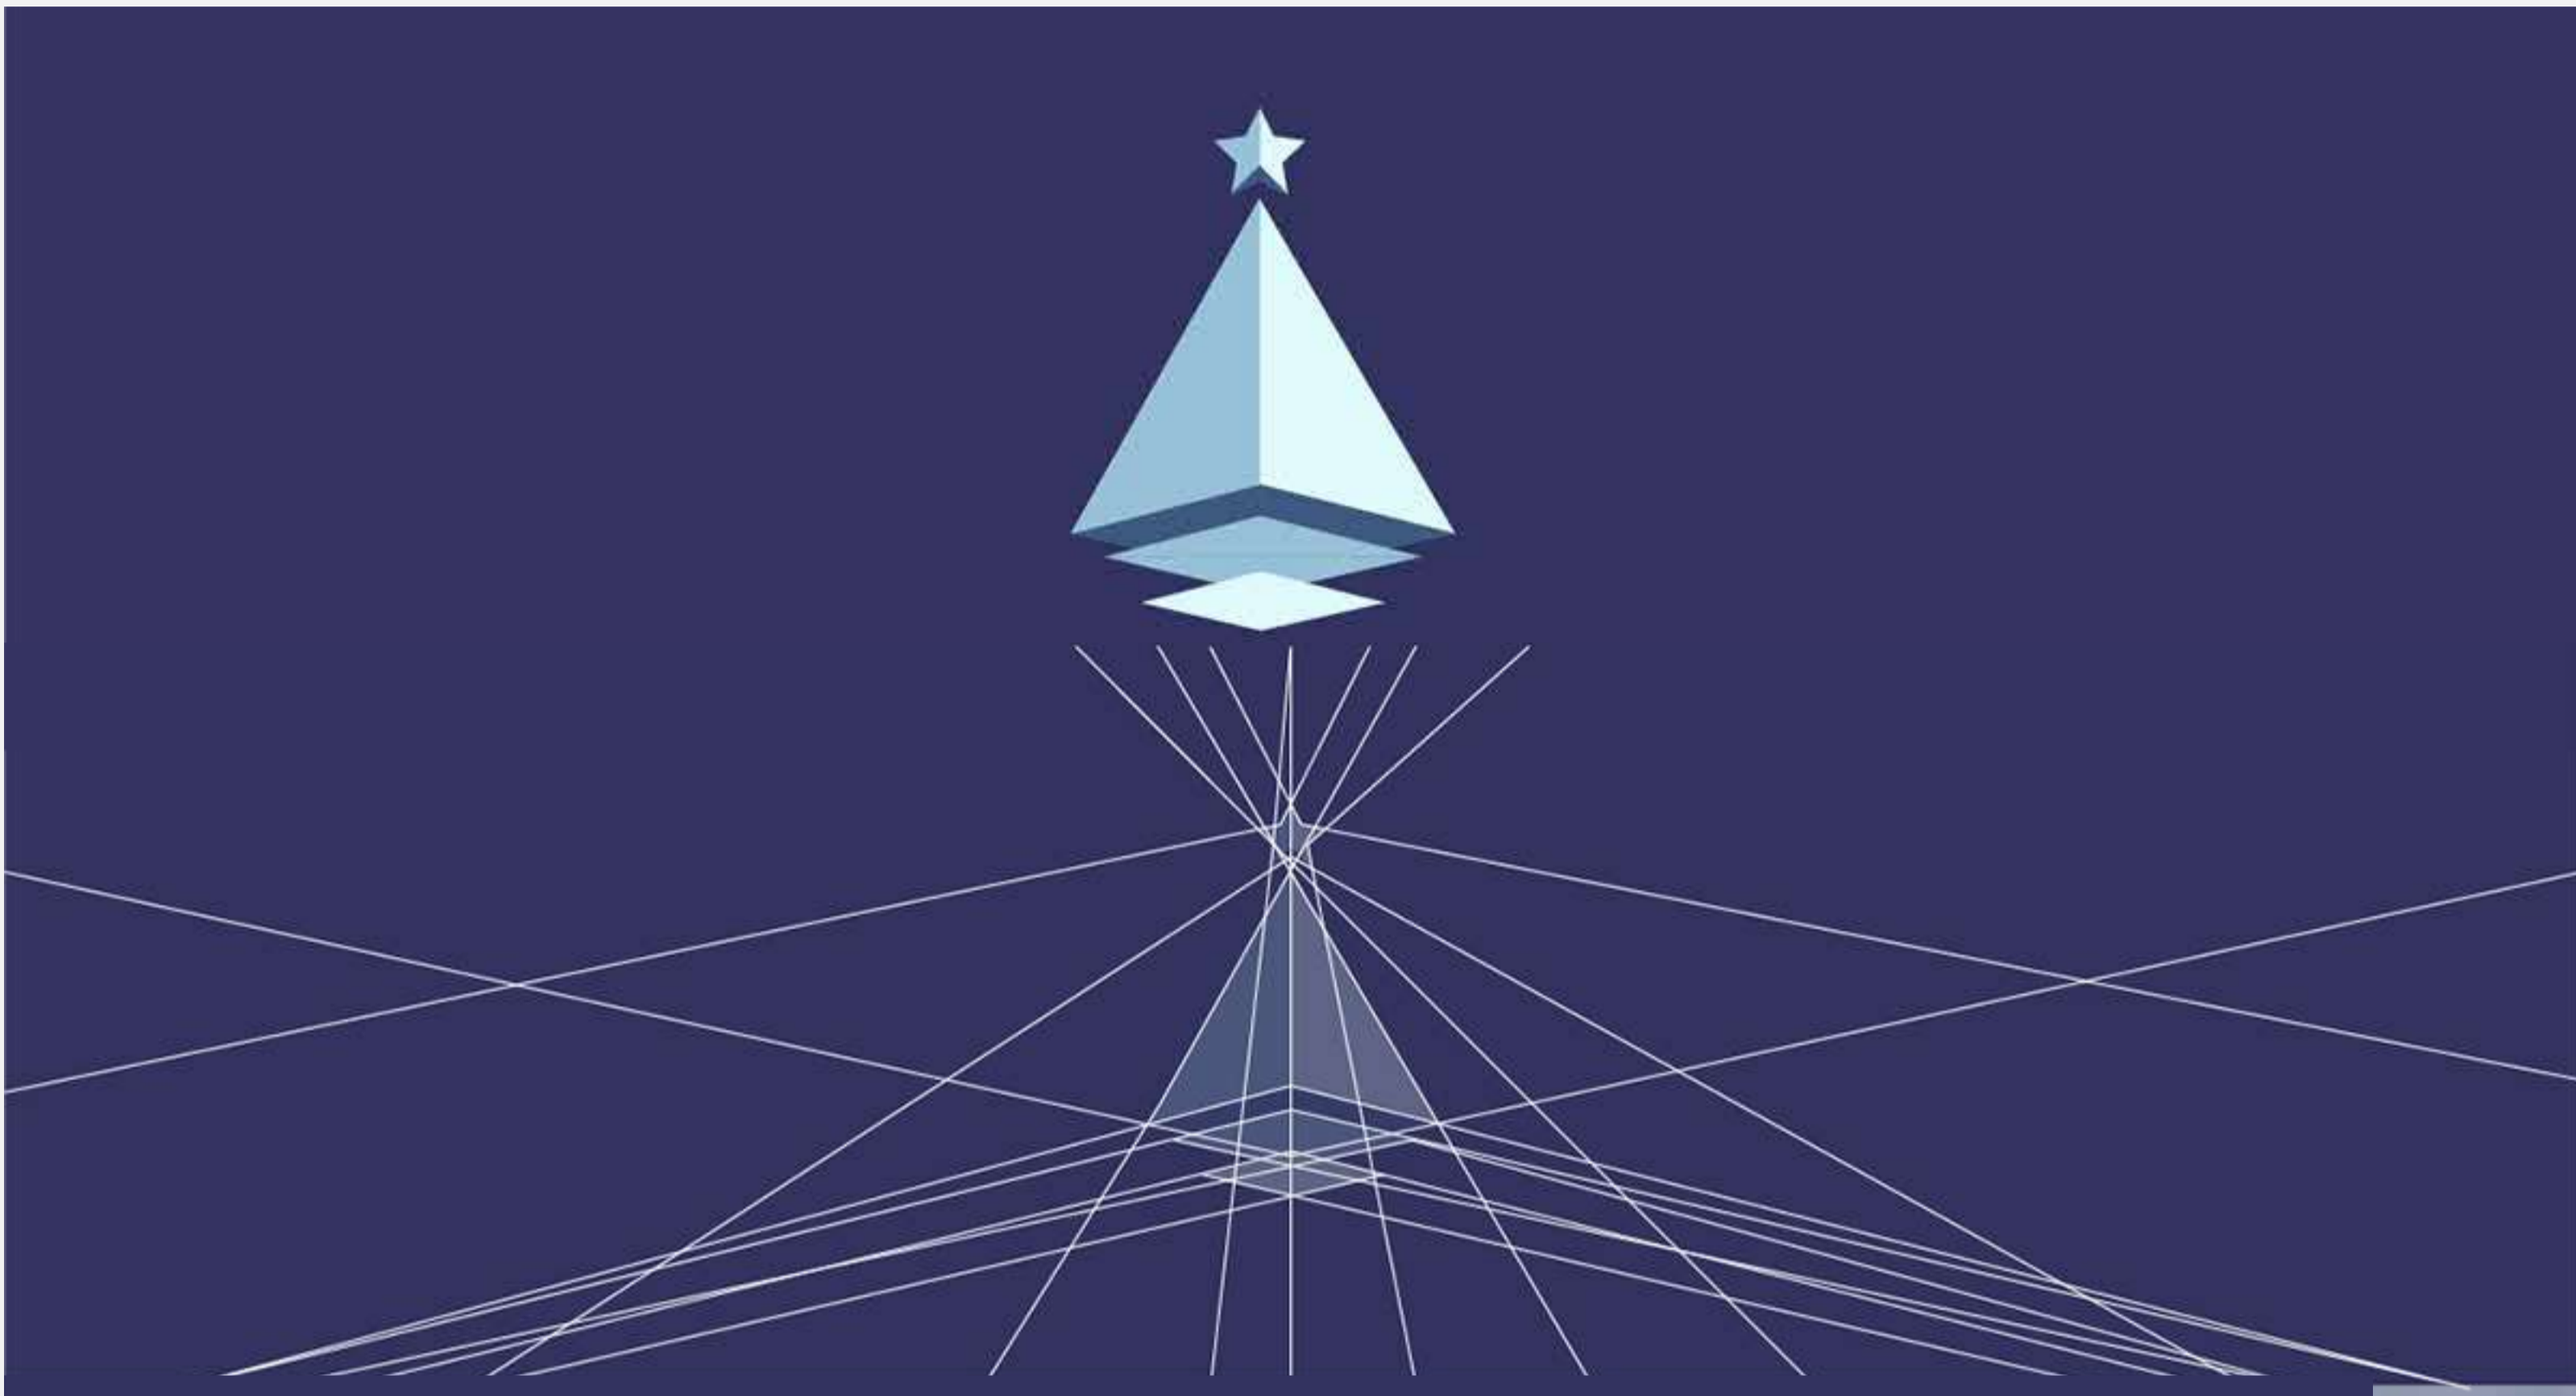

At GHS, we are creating the future that every enterprise of any background needs to ease its workflow and perform its operations faster and more efficiently, a future where they can find the agency and platform they can trust and rely on for their businesses.
